*By clicking the "Submit Data" button below I am stating that the above data is correct and accurate to the best of my knowledge and that I voluntarily submit the above data for entry into the Berner-Garde database.
I authorize release in accordance with Berner-Garde policies, including affected phenotypes at the time I owned the dog(s) and I authorize a Berner-Garde Site Operator to contact me for data validation purposes.
I understand that phenotypes that were diagnosed after I relocated a dog are treated as "hearsay" information until verified with the current owner.*
